

2022 Award for Excellence in environmental, health, safety and security

Lubrizol **Avon Lake, Ohio**

The Lubrizol Advanced Materials Avon Lake, OH facility achieved one (1) year without an OSHA recordable injury for calendar year 2021. This significant milestone was achieved through a mutual commitment by site leadership and employees to safety excellence. Key tools used to accomplish this milestone included a focus on hazard recognition and reporting, cooperative leadership/employee engagement and implementation of human performance improvement tools.

The Ohio Chemistry Technology Council recently announced the recipients of their Annual Awards for Excellence which recognizes Ohio chemical companies who have demonstrated exceptional performance in environmental, health, safety and security over the previous year. Awards were presented to 24 facilities from around Ohio, all of which had significant contributions and achievements in 2021.
