

## **2022 Award for Excellence** in environmental, health, safety and security

### **Nutrien Lima** **Lima, Ohio**

“The Nutrien Way” – is the playbook and action plan to support and sustain a culture of care at Nutrien Lima. The Nutrien Way is made up of programs and practices that every worker can engage in to make their workplace safer. Nutrien Lima has seen a huge “buy in” from their employees to this comprehensive strategy which can be broken down into five core values: 1. Take the time to work safely 2. Identify hazards and stop work if necessary 3. Pause frequently and focus 4. Use the right tools & PPE for the job 5. Care and look out for each other. Since launching “The Nutrien Way” to employees in 2021, Nutrien Lima has seen reduced first aids and minor injuries, increased examples of structured pauses and re-focusing by employees to the task at hand, better attitudes towards the importance of safety as our #1 job, and elimination of long term and serious injury.
